

12285 Yonge Street Richmond Hill Ontario L4E 3M7

Junior Web Developer

Willingness to learn and friendly social personality are the main requirements for this job. You will be trained to develop your skills in the wonderful and growing world of Internet Marketing. Knowledge of On-Line Advertising Rep will be a great asset, but not a requirement.

Skills and Qualifications

- Well developed organizational and analytical skills
- Good knowledge of the capabilities/limitations of ASP.Net (VB.Net and C#), (X)HTML, CSS, AJAX with JSON and XML, JavaScript; PHP, MySQL
- Final work compatible with Firefox, IE6 and IE7
- Highly creative , innovative and keen in judging good designs (user friendly UIs) knowledge of Search Engine Optimization, and Web Design.
- Must be able to design, code and test as well as have full front and back end experience
- Strong layout and graphic design skills a definite advantage
- Mobile app development for Android and iOS a definite advantage

Other requirements

- Experience using Microsoft Office tools (Word, Excel, PowerPoint, etc)
- Good teamwork and excellent people skills
- Excellent English skills (written, verbal and documentation)
- Flexible, self-starter; able to work independently or as a team member
- We are located in North end of Richmond Hill; you must be willing and able to daily commute to our location. At least you will be going against traffic!

This is an exciting growth phase of a start up tech company, and very good time to join and be a part of this growth. There is potential to make a lot of money in this industry. You just have to log on to the net to attest to this fact!

Please do not contact job poster about other services, products or commercial interests.

We are a start up tech company in the online advertising space. This industry is growing LEAPS and BOUNDS, and here is your opportunity to ride this wave.

I'm looking for high energy people, who are driven to be successful.

If you feel this is a position for you please apply via email.
